Message from the President

Pratt's new electronic version of FACTBOOK, 2004-2005 is intended to serve as an historic and current source of factual data on the operations of Pratt Institute. Seven years in the making, the FACTBOOK, 2004-2005 should enable us to use a common set of accurate facts pertaining to areas such as admissions and financial aid, academic affairs, student life, finance and administrative services, and institutional advancement. I hope you will find the FACTBOOK, 2004-2005 a useful reference on facts and figures at Pratt.
